Deadpool By Daniel Way: The Complete Collection Volume 4

Synopsis

Deadpool is desperate to end it all, but his healing factor makes dying a near-impossibility. When Wade finds the one thing in the world that can kill him - a serum that permanently disables his regenerative abilities - he just might get his wish. But when his newfound ability to die makes Deadpool feel more alive than ever, his sudden lust for life gets him in hot water with everyone he crosses - including crime bosses, super villains, his fellow mercenaries and even a dual Beretta-wielding monkey! Can the Merc with a Mouth escape his pursuers and his pattern of insanity-fueled self-destruction, and finally live life to the fullest? COLLECTING: Deadpool 50-63

Customer Reviews

I consider Daniel Way one of the funniest writers for the Deadpool series, but he is no Joe Kelly. I thought he had a strong start with the first volume, but here I am ready volume 4, and these comics can be painful to read at times due to the lazy writing. It just frustrates me when you see a potentially great story line turn into a big joke, because hey, its Deadpool, why does anything need to be serious. I get that Deadpool is a very entertaining character, but his humor should be an addition to a great story line, not the selling point. Overall these are funny comics, just very lazy writing on the story lines.

Great collection. Very funny. If you enjoy comic books at all, you should pick this one up.

Well, Deadpool was "cured" of his super-healing abilities but is still doing his crazy thing... i am a little disappointed that Deadpool's past like how he became scarred or his ex-girlfriend was not in any of the collections I read. Rated 4 out of 5 on Goodreads

This book was really good. It was a fitting end to a great Deadpool series. My favorite part was the story arc where Deadpool fought with Black Swan and Black Tom. If you like Daniel Way's take on Deadpool and have read the previous books, then this book is for you.

Since I ordered mine when it was out of stock, it took about a month or so until I actually got to read this collection of comics. The stories inside were fine, but the condition I got my book was not. The spine was really weird and messy; with glue seeping out and crusting over the pages. It was a little frustrating, but the Deadpool comics are worth it.

My husband loves all the Deadpool comics. He prefers buying the complete collection books as opposed to the individual comics because the book is sturdier and it takes a little longer to read it.

Good read, I kind of dragged my feet trying to finish it. Not as good as the beginning of the series, but a good ending.

Hilarious and action packed. I love Daniel Way's take on the merc with a mouth.
