Watch Your Mouth: Understanding The Power Of The Tongue

Synopsis

"Does it really matter what I say?" Your greatest weaponâ "for good or evilâ "is in your mouth. From bestselling author Dr. Tony Evans comes a compelling resource to help you learn to tame your tongue. With life-changing insights shared through engaging lessons and anecdotes, you'll learn what the Bible teaches about talking:Discover the power of the spoken word to bolster your faith when you're doubting.Discern what should or shouldn't be said so that you honor God with your speech.Develop the ability to praise God and voice wisdom even in tough circumstances. Get inspired by Tony's teaching on the tongue and model with your mouth the character of God. Don't let your words bring cursing or destruction to yourself and those you love. Instead, let your words minister to and speak life into the world around you.

Customer Reviews

This book by Dr. Tony Evans proves that you are where you are because of how you speak. There is life and death in the power of the tongue. The tongue was meant to uplift and edify not to tear down, or to speak death over things in our lives or those around us. We can glorify God by speaking faith and prosperity, or glorify the enemy by complaining and speaking death. Dr. Evans says , " The tool behind your teeth, the tongue, can influence your world for good or for bad." I was encouraged by this book because I want to be blessed, but I have to watch what I say. I want the blessings not the curses. It doesn't matter what I am dealing with I must speak life over my situation for it to change. God brought the earth into fruition just by speaking. Dr. Evans also says that," You have to bring your tongue under control rather than letting it control you." How many of us have had that

problem? Read this book if you want to be challenged. Dr. Evans offers keys to help you transform your life. It begins with the power of the tongue, and concludes with what the Bible says about our words. Our words will always matter. Our words push us forward and our words can make us fall behind. We get to choose, Choose life.

Dr. Evans teaches very practical applications of what the Bible has to say about what we say, how we say it, why we say it, and the implications and ramifications of what we say. For years, I've known and even memorized verses about this topic, but Dr. Evans adds depth and nuance I've never heard or considered to many of those verses. This is not a dry, dusty tome full of lofty cliches. Rather, it is extremely practical and easy to read and understand. I say easy to read, but if we're honest, the teachings here are a challenge to apply. Nonetheless, this book has changed my life and what I say, both verbally and in my mind. Thank you, Dr. Evans!

I would first like to apologize for what I am about to say but - WOW - he got all my pistons flowing - my brain has not been so gleefully stimulated in such a long while - you know you normally get books like these and you are like ok - this is going to be deep and intense but this author took a deep subject and made it light and enjoyable - you actually look forward to the next chapter - you don't sit there looking ahead saying, "ok, how many more pages do I have left?" Great job Let me Bite my tongue now LOL

I am so thankful to God for this book, I just bought it on my kindle fire 3 days ago I've been reading it every day Thank you, Reverend Tony Evans.
