I have read this book several times and have bought copys of it for several people. I love what Bishop Hamon does with this book. I have the audio version of this book called the 10M's and I must say if you are wanting to move into God's finest this is the book to help you get there. It helps you to discern any weed seeds and character flaws that you need to deal with and to move in a greater understanding and capacity of the Prophetic. This book is a must for the serious student of Prophecy or one ministering in the Prophetic gifts.

I gave this book a 5 star, because it has proven to be a valuable tool to use in my life, and add to my library. It relates trials, tribulations, pitfalls of us modern day profits, right back to the profits in the bible. Its principles, and to do's are practical and easily applicable. It will certainly show one where we need to be abased and where God is elevating. Its a must get for those who have unanswered questions and unresolved issues in their life. Thank God for his seasoned profits!

This book is great for those who are novices in the prophetic. It helps one to understand the frailties in one using their prophetic gift and how easy it is to get caught up in pride. It is also a guide to help one understand a word given that was wrong or either hurt by a prophet.

Though this book carries the title for "Prophets", I found this book has life lessons that apply to everyone in the Kingdom of God. For people in Ministry it is a must. Today more than ever we need to be reminded of the pitfalls that can happen to ANY of us if we are not careful.

I rated this book very high because it is one of the best self help books that is written and available on the market for this century. This book has helped not only me, but it has been a tremendous help to the members of my church. I would recommend this book to everyone that wants to increase and improve their spiritual health.

This book should be used in basic training for prophets. It uncovers some pitfalls that must be avoided in order to move in effective prophetic ministry.

It is an excellent book of guidance and counseling for those who are called to and or who wished to go into the ministries for God's purpose. It will help a serious person mold, tame and examine his/her character traits which might be a stumbling block in their pathway. One does not have to be in five fold ministries to read and derive the book's benefits. Enjoy it!

Another winner for Bishop Bill Hamon, who many call the Father of the Prophetic. This gift seems to be the most ignored and misunderstood, even more than tongues. Bishop Hamon teaches things to look for regarding errors that can be made by people moving in the gift. Everyone needs to be aware of the teaching in this book whether you move in the gift or are attending prophetic ministries. This is a must have book!
