This book changed my life. Honestly. I gain a better understanding of life from a more spiritual perspective. My eyes were opened to the reality of evil, that it does exist, and it can be beaten.Putting on the Armor of God is a book that will enlightened you. It is a hard book to read because of the subject matter, but it is well worth it. There are things in this book that will make you want to put it down because they are so blatantly true.Too often we fear the truth and decide to live in our own little worlds trying to shelter ourselves from reality. This book delivers a huge dose of reality. If you are not ready for reality this book is not for you.If you have the courage and desire to become a better person, you should read this book.

This book is amazing! I recommend it to anyone who has any kind of struggle in their life. It has given me a different perspective on things and studying it along with my scriptures has given me such strength in fighting this Huge battle we are fighting 24/7! I am so thankful to the author in his research and study and for his uplifting words and choosing to share this gift with the world.

I believe that every Christian should read this! This is an amazing book, it really hits home the reality

of Satan, how much our Heavely Father loves us and how we can combat evil. This is a book that I have underlined page after page and I will continue to read it over and over to remind me of important message it relays. I would say that this has been my very favorite book and the most important I have ever read.

Upon my behalf this is a very good study book that will help you understand the Sixth Chapter in the Book of Ephesians. There are many other Scriptures which are connected that show you how to put these together and bring them back to where the basic lesson on The Armor of God is being taught. There are many different people who have different opinions coming from their point of view in this book as well, however all of them are interesting. Chapter by chapter it takes you further and further into what the author is really trying to teach you. I am the first one to view its contents so I can only speak for myself. I think it is a good study book.

it puts such an interesting perspective on Satan's influence over each person! Great read and the seller sent super fast and in great condition.

For almost 2 years now my family has read a little bit of this book every night along with our scriptures (kids age 9-16). We all love it, and don't plan on stopping anytime soon. This is a daily must-read.

I have taught Seminary, Sunday School and spoke Women's Conference and I have never seen a book that applied the scriptures to a serious problem better than this one. It's required reading for my teenage boys.

This book can change your life or the life of a loved one. An excellent book that can help one reroute the mind and better understand the bigger picture of what's going on. Especially designed for those with a sexual addiction, this is a great book for all looking to overcome temptation and better access the atonement of Jesus Christ.
