# Scholastic Reader Level 1: Ready For Kindergarten, Stinky Face?

## Synopsis

Stinky Face is full of "What ifs" as he gets ready for kindergarten! It's time to go to kindergarten, but Stinky Face has a question . . . "But, Mama, what if the sink in my classroom pours grape juice instead of water?" As the situations grow stranger, Stinky Face's mama always has just the right answer to make him feel better. With Lisa McCourt's zany ideas and Cyd Moore's motion-filled illustrations, this reader is sure to make every worried kindergartner-to-be a little less nervous.

## Customer Reviews

I bought this for my daughter who was starting kindergarten as a way to help her not be scared. She loved it. It made her more excited to go and she enjoyed reading it each night before kindergarten started. She especially loved it when her dad read it to her and she started calling him stinky face. I recommend this book and it did ship quickly.

As big fans of I Love You, Stinky Face, this early reader did not disappoint. Our 4.5 year old picked it right up and started reading it to us! It's sweet and it's silly, just as we would have expected. We

love the illustrations as well!

The condition of the book is excellent. The contents of the book have much less quality than the other "Stinky Face" books I have purchased. Had I seen the book in a book store I probably would not have purchased it.

Due to the funny title of this book, my five year old grandson picked this one out when I gave him a choice of a few books I had collected on the subject of beginning Kindergarten. He loved the title & it lived up to it! The book gave him a fun way of seeing how it will be when he begins school, yet had a serious message about it at the same time. Wonderful choice for those little ones who are soon to begin Kindergarten!

My sons really enjoy the Stinky Face Books. My five year old starts Kindergarten in a few weeks, and he has enjoyed reading this book in particular. The books are funny and engaging! Perfect for beginning readers!

This is one of my absolute favorite children's books. The children ask for it over and over at bedtime. I would rate this ten stars if I could.

I used this book to prepare my son for school. He loves the pictures and laughs at some of the items. Would definitely use this book for our younger son when it is his turn.

I recently bought this book and gave it to my 4 year old grandson and he LOVED it!!! It's his favorite book. I highly recommend it. Thank you so much.
