Anooka's Answer

Synopsis

Near the end of the Stone Age, about 12,000 years ago, a young woman named Anooka lives with her family by a salmon-filled river. Although life with the Salmon Clan is comfortable, Anooka is restless. She discovers she has a talent for shaping the strange riverbank mud into small animal figures. Because her actions resemble carving, a practice prohibited to women, Anooka is forbidden to make her animals. Soon she begins to question the only traditions she has ever known. When a mysterious woman appears across the river, Anooka is faced with the most monumental decision of her life. Should she follow Raven Woman or stay with her clan? Although Anooka and her people led lives very different from our own, Marjorie Cowley shows us that there are enormous parallels between their world and ours. What connects us to Anooka's world across thousands of years are the qualities that make us human.

Customer Reviews

I thought this book was great. I am 8 and read this for school with my mom and sister. Some parts were very sad but I did not want this book to end.

The novel is a great addition to my prehistoric people unit. I only wish it were offered as an Accelerated Reader selection.

loved this storyline
