# How To Understand Israel In 60 Days Or Less

## Synopsis

When Sarah Glidden took a "Birthright Israel" tour, she thought she knew what she was getting herself into. But when she got to Israel, she found that things weren't quite so simple. *HOW TO UNDERSTAND ISRAEL* is Sarah's memoir not only of her Israeli government-sponsored trip through Tel Aviv, Jerusalem, the Golan Heights, Masada and other famous locations, but of the emotional journey she never expected to take while she was there. Her experience clashes with her preconceived notions again and again, particularly when she tries to take a non-chaperoned trip into the West Bank. Sarah is forced to question first her political beliefs and, ultimately, her own sense of identity, until she finds that to understand Israel she first must come to understand herself. From the Hardcover edition.

## Customer Reviews

I have to confess that I am not the target reader for this book. The book is intended for young Jewish people and I'm an older Christian woman, but I love it! I hope the author doesn't mind. It was beautifully written and the drawings made it something that nobody else can duplicate. Well done! Sarah knows how to describe and draw the emotions so accurately that I felt like I was there with her. Like the author, I recently took my first trip to Israel. I wanted to go there because I wanted to see where all the action happened. I wanted to enjoy the experience Sarah described so vividly of Masada, wondering what the "real" story was and the unforgettable moments going up to Jerusalem. I only had a 22-day trip and stayed in luxury hotels, so I missed some of the experiences

of waking up out in the wilderness. I didn't get to know many Israeli natives as she and Melissa did, although I did spend quite a bit of time with the 3-4 that I did meet. I wanted to see the places where Jesus lived. I wanted to see the country that God chose for His own special purposes. We aren't so different though, because I also looked at faces and wondered where they were coming from and what they were thinking. Sometimes I misinterpreted a scowl, because I read too much into it. I too had places I would love to have gone and would probably have been fine, but chose not to, not really because I was afraid (I was with strangers for several weeks in a strange country that people are often afraid to visit), but just because. Even though we are so different in age and spiritual beliefs, I could physically feel the process she was going through about whether to go to a certain place or not. She got to tour the Old City in Jerusalem without a guide, as I would have loved to have done.
