## Customer Reviews

Javan is one of my favorite poets of all time! Someone very special that I dated almost 20 years ago bought all four of Javan's books for me. I've kept them but they've lost pages and come apart after all the years. They are so beautiful that they were worth replacing. Javan really opens your eyes and your mind to appreciating love regardless of what the outcome. He also helps you find peace in heartaches and lost loves. Whether you're in love, longing for a lost love or you love beautiful artwork expressed by words on paper, will be able to relate to all of his books. I guarantee you will fall in love with the words on these pages and the author, Javan! You will read each book in one sitting..and will not be able to put them down. You feel so fulfilled after reading them. I just can't explain enough how great these books are!They make great gifts! It's the gift that keeps on giving.A small price to pay for something that gives you so much!Enjoy!

This book is one of Javan's most beautiful. He always manages to depict the range of human emotions concerning everyday matters of the heart in the most extraordinary ways. On one page,you find yourself in tears because you know all too well what he is saying. And on the next you

are exalted with comforting words that understand. Share these thoughts with your friends and loves and lovers. And self.

don't let its small size or obscurity fool you...this book is filled with poems that will make you cry and realize how special love really is. it explores meeting the person of your dreams and loving them enough to let them go...read it!

These books have helped me through every difficult situation I have encountered. I am amazed that I can re-read them over and over and still be moved by the emotion and sincerity in the words. This is the best set of books I have ever owned.

Buy all his books, Javan has a way of succinctly capturing a wide range of human emotions & experiences. Beautiful!

I could not put this book down. From start to finish it touches my soul with memories and places of lives that have crossed my path. It made me think about love and how love can be found. People are something very special, I started with a different one, but since have ordered the entire set and love each one. Truthfully, you can relate to some or all of the poems.

My favorite poetry of all time. Discovered him 24 years ago in college. So glad to be able to get them again. Every time I read them I laugh, I cry, I love even more.

I love all of his books and this was no exception. I have the full set now. I would reccomend his work! Trina
