Customer Reviews

This book will give you the facts and inside scoop of the wonderful ladies. Some of the stories the team tells are hilaroius. It's not the best book I've read but it's great for young girls to see how they got to the highest level.

If you are a fan of any player on the US womens team and wonder what they do in there life (Yes they do have a life out side of soccer)this is the book for you. Your brothers picking on you saing girls cant play sports. Will now you can prove him wrong. Hand him this book tell him to read the first page, it will make him think twice before he makes fun of womens soccer again. This book has

each player tell about there life in and out of soccer. They tell of all the interesting hobbies they have and some of am even rat on there team mates. If you buy this book and dont enjoy reading it you are not a true womens soccer fan.

It's a fun read. You can jump in anywhere and learn how the players approach the game. I like the pictures of the players when they were kids. The childhood story about Lori Farr stealing the ball from her own team player, who was playing slow, and scoring cracked me up!!! Nifty price- for a lot of entertainment.

This book is fantastic. It gives an inside look at each player to pass through the National team program for an extended period of time. Includes player interviews and a sort of "rap"sheet for each player, like their most embaessing soccer moment, their favorite number, and other interesting facts. I would recommend this to anyone who is interested in learning more about the Womens National team. Don't Miss it!!

All american girl is the storyr of the golden oldies of the Womens National soccer team! It shows how some 10+ ordinary girls came together to make a HUGE difference in the history of sports! Best book ever!!!!!!
