## Customer Reviews

Great art style, great story, you'll find yourself falling in love with the characters and story and forget it was even a book. At first it looked weird and as if the show wasn't serious at all but boy was I wrong. Best of all no fillers anywhere

It came in time, ordered the 20th at afternoon (almost night) and got it the 24th in the morning. OMG I LOVE JOJO'S it is my favorite manga! I started watching the anime in mid June 2015 and caught up with the manga in late or mid August, I cannot explain how much I love this series, the manga is definitely a MUST HAVE if you are a fan. If you are new to the series and don't know if you should keep reading, you definitely should because you will be missing out in something amazing.

I really love Jojo's Bizarre Adventures is my first manga and series that I truly came to love. The cover is beautiful ,well is Dio. Hope people get to love this saga .Also hope to get the other parts publish in English soon. Overall the quality of this manga is great like the other two from Phantom Blood.

This is the final installment of Part I -- Phantom Blood and includes the final, emotional confrontation between Jonathan and Dio. The volume is beautifully hardbound with large pages and gorgeous new illustrations by Araki on the cover. The price is ridiculously low for the quality of the printing. Frankly, I'd buy this edition just for the illustration of Dio on the front but YMMV.

Well let me say thank you to Shonen Jump with treating this series with absolute respect. All the volumes so far have been done well and the hardcover is a nice bonus. Phantom Blood volume 3 is wonderful as well as tragic. For those of you who want an old epic with some Fist of the North Star influence this story is for you. Please support the release of the jojoniums and we may get Diamond is Unbreakable(the part after stardust crusaders).

Araki's signature artstyle really begins to shine in this volume. Where once the characters had lumpy bodies with eyebrow-raising anatomy comes fully realized art indicative of Araki's meshing of western and eastern art.

HEAR IT IS THE LAST PART OF GENERATION 1 OF JOJO'S BIZARRE ADVENTURE!!!! from 1986 proves that manga is the king of the comic world!!!! if this came out hear during that time it would of started a controversy forget superman dieing and quickly coming back to life for no reason( death losses all meaning that way) this is the end of a good story of the jojo universe with a ending that proves that proves that if a story is timeless then why do you reboot it? (trying not to spoil anything) reboots are rare in the manga and anime world and this wont be getting one soon....but wont be surprised if it dos....i hope not lol if you what a good story with a character that's not all powerful like u.s super heros than this is a good start in to the manga world and the story continues in gen 2 serialization

Thus ends one part of many of the JoJo saga. Amazing.
