Customer Reviews

Good dictionary, but missing a lot of entries. We frequently have to consult a bigger dictionary, so that's annoying. Also, despite the name, this will not fit in a pocket unless you wear those ugly and outdated baggy jeans.

Got this for my 7 year old son last year. It is easy for a child to hold and contains some pictures that made it more enjoyable to use. I think I should have opted for the dictionary/thesaurus combo though. I ended up purchasing them separately.

I bought it for a 6 year old but it was really too advanced for him. I expected more photos. Still, it is a good buy.

Wow, cheapest place I could find this. What an amazing price! I bought these last year for my school and they were 5x the price at Barnes & Noble! Great product, fast shipping!!

For second grader who spends spare time at school writing and illustrating her own stories. She can carry this in her book bag or use it anywhere around the house.

I needed some pocket dictionaries for a reference racer game I use with students. These were a nice addition to the class.
