Customer Reviews

What a buy! Chock full of hot guys loving hot guys, what more can a fujoshi want? Many of the stories are fantasy and science fiction, which is always fun, with some collections, as well as introductory first volumes to different series. Both of the yaoi bundles are worth buying for the sheer number of stories as well as the quality of said stories, and the price can't be beat. Lastly, these stories are written prose, not manga, but still, very entertaining!

Love all the stories in this bundle, they were very hot and amazingly entertaining. Loved Cold Beautiful but it had a very sad ending but it was no other way for a different finish. I recommend yamilâ's work, she is a very interesting author. Her writing is different and erotic.

This is an excellent collection of Yaoi stories brought together by the always wonderful, Yamila Abraham. I highly recommend this collection to all fans of the genre. You get a huge selection of wonderful stories for a very reasonable price.

One of my favorite yaoi authors, this bundle did not disappoint me. Full of great stories. I highly recommend.

I was really pleased with the range of stories and characters, and there was only one store out of the bunch that I would not re-read. All in all, I really thought it was worth the buy.

love these story's can not get enough I strongly recommend

Loved it. Great stories.

I can really only say this is okay. Maybe it's because I'm someone who tries to visualize everything in my head but I the lack of descriptions of the characters was distracting to me.
