Al Capone Does My Shirts (Tales From Alcatraz)

Synopsis

A Newbery Honor Book
Today I moved to a twelve-acre rock covered with cement, topped with bird turd and surrounded by water. I'm not the only kid who lives here. There's my sister, Natalie, except she doesn't count. And there are twenty-three other kids who live on the island because their dads work as guards or cook's or doctors or electricians for the prison, like my dad does. Plus, there are a ton of murderers, rapists, hit men, con men, stickup men, embezzlers, connivers, burglars, kidnappers and maybe even an innocent man or two, though I doubt it. The convicts we have are the kind other prisons don't want. I never knew prisons could be picky, but I guess they can. You get to Alcatraz by being the worst of the worst. Unless you're me. I came here because my mother said I had to."Choldenko's pacing is exquisite. . . . [A] great read."â Kirkus Reviews, starred review

There's historical fiction, and then there's historical fiction. Now to critique a kid's book that falls in the historical fiction genre there's really only one standard to which you should hold the book directly accountable: Do accurate historical facts about the story make the book more interesting or less interesting? Which is to say, does the story stand on its own two feet? Has this book taken true tales

and given them new life or has it created an entirely fictional (some would say fanciful) world that bears little resemblance to what really did occur back in the day? I am pleased to report that Gennifer Choldenko's book, "Al Capone Does My Shirts" sits strongly in the former category. Taking true facts, following them up with historical research and footnotes, and giving the whole book a real but fascinating feel, Choldenko has written one of the great children's novels of 2004. The story is deeply interesting and continually gripping without boring the reader once. The premise is alluring but it's Choldenko's excellent writing that solidifies this puppy as a must-read for all ages. Not many kids get to live on an island chock full of the world's most dangerous prisoners. But not many kids are Moose Flanagan. When his father takes a job as a guard on Alcatraz Island, just off the coast of San Francisco, Moose finds himself in alarmingly close proximity with a variety of different vicious criminals. The whole reason his father took the job, of course, is because of Moose's sister Natalie. A victim of autism, Natalie's condition isn't one that's easy to treat in 1935 America. The family has just discovered a wonderful school that might do Natalie some great good if they can only get her into it.
