Customer Reviews

I have collected a couple of Greek texts on my Kindle for Bible study. This lexicon is a very important part of the study because it has a very easily navigated table of contents that puts you at the word you want fairly quickly. If I come to a word that I don't recognize, it is easy to find it and get the possible meanings. It isn't Arndt and Gingrich, but it does give the meanings of the word without philological history. The fact that this is portable on my Kindle makes it even nicer. I can keep my Language texts on the Kindle and study any time that I have time. The price is right, as well. This will be a nice addition to your Kindle Bible Languages library.

Just what I needed. I was using Souter's Pocket Lexicon but since I have been travelling overseas

this year, this quick Kindle lexicon has been great. Navigation is about as fast as it could possibly be for Kindle. Thanks!

I wanted to have a basic lexicon to use with the SBL Greek New Testament on my Kindle. This is a simple, no frills lexicon, but it serves its purpose.

This is by far one of the best products that ive purchased on in a long time!!! highly suggest it!!
