Customer Reviews

This volume was the best one yet. I really liked it. I was just so sad when I found out it was the last of the series. I recommend this book for girls who are looking for romance, and for guys who are also looking for romance.

Hiii everyone So sorry for the late review! Now, takano on the Christmas eve slideshow Omg He finally made a move well a forced one by the way He's kinda sadistic too well just a bit Anyway, I loved this manga so much! It was so cute! I wish I could get to see more at the end of the slide show sigh *Welp, it was a good time reviewing all the volumes for you guys And the manga I'll be starting

to review next will be in the comments on the bottom so see y'all then! Did I mention that this manga was cute;)

The whole series is so great I read it all 5 times!!! hope there are more books like this!! hope to find books from the same author because the stories are just fascinating and amazing that I'm begging for more.

This series is great, whether you're a teenager that lives for cute fluffy romance things or an adult who loves reading stuff like this in their free time. I've read this series since volume one came out and in every vol. I couldn't help myself from letting out a series of 'awws' giggles and squeals.

I loved the story and their love. A little bit sad because the series ended with our imagination but nothing further. I wanted them to go all the way and to face the challenges of college life.

I wish the series would go on longer I mean it's a total clog hanger I'm so hurt that it ended like that but the writer and illustrator did their jobs;) thanks for letting me enjoy your work

This was so unsatisfying!! I feel like there's not enough closure between the characters.. Guess I need to find manga appropriate for my age & stop reading these little high school ones..

Yes I so totally recommend this book it has great character great storyline if you're looking for a story about a quiet guy and a very well-liked girl you will really like this book.
