I loved it! I had been counting down the days and it came! I finished it in about 20 minutes. I loved how Nate's luck suddenly changed and everything he did was right. It was pretty funny, too. My only complaint is that it was too short. I expected it a bit longer, but I liked the book so much that I'll rate it

five stars!

WE LOVE BIG

This is a really good book. I have lots of other Big Nate books. This book is about how Nate is at first really not lucky and then his friend Chad gives him something he found. Then Nate is really in luck when Chad isn't. Then the lucky thing gets lost in Mrs. Godfrey's desk. Then they are, well, lost because the lucky thing is gone in her desk. Then a race comes up against 6th grade and 7th grade. Will the 6th graders win? What will happen? Find out in Big Nate In The Zone! I hope you like the book as much as I did. Thank you Lincoln Piece!

Our 2 grandsons have been reading Big Nate for years. Our youngest tells me exactly when the next one is due out, I put it on my wish list on & surprise him for a b'day, Christmas, or just a fun visit surprise. We live 3 hrs. from our grandsons, so it's fun to have the newest book for them when they visit. They both read Big Nate and read it over & over. Of course, Grandma & Grandpa love to have them read to us too. Books are a great gift for any child, but especially this age.

At first I thought this book would be crummy on my kindle and I thought that it wouldn't be the same. I bought the sample and I realized it was better on Kindle Fire HDX! I read in the sun and there was no glare. Everything about it was perfect. I recommend this to everyone!

I started my daughter on Nate since she was 6 years old. She is now 10 and looks forward to every new book that come out. She has kept every book since she started reading them. She has given away many of her other books, but it seems that her Nate books have a special meaning for her. There also the books I give her when she does something well at school or at home.

I bought this book a bit hesitantly because of the price. For some reason, graphic novels are always extremely expensive. I don't get why, but it just is like that. I was about to board a seven hour plane flight and I wanted some entertainment other than movies and Modern Family. The book was

hilarious! I find Nate even more likeable in this book than in others, which proves his character growth. Chad and Maya's relationship is supercute, and it has a good message. The main reason I loooooove this book is how funny it is! Since April break, I've read this book...20 times? That actually might be an understatement. ;)

My 10-year old nephew loves all the Big Nate books, and this book was no different. They are a fairly quick read for a 10-year old (my nephew can read multiple Big Nate books in one day), but they are entertaining and kids will go back and re-read them.
