## **Customer Reviews**

My son of 5-years old loved the book. I am pleased there are books that are entertaining and easy for children to read themselves. Because of books like this, he is able to read more advanced books now. The book came very quickly; I was pleased with the service and product. I have purchased about 20 books similar to this from .He is in kindergarten and reading level 4 now.

The "I Can Read Series" is a great way to check out grade level appropriate books for kids. My students LOVE these and the determined level for the book material is right on!

I liked reading this book with my Mom because is a good beginner book. My favorite part of the book was when he dressed up as a pancake! Warning: there are a few big words.

My kids are big fans of the Flat Stanley chapter books, so I thought they might like this one. It's not a

chapter book, just a quick story.

MY 5 YEAR OLD GRANDSON IS READING SO BEAUTIFULLY. HE REALLY LIKES THESE SERIES AND UNDERSTANDS ALL THAT IS HAPPENING TO FLAT STANLEY

My daughter loves these books. She is just starting to learn to read and it is very age appropriate. She enjoys reading level books.

Easy to read, but too short. Not much to the story. We liked Flat Stanley plays Baseball better. Still okay.

Really enjoyed listening to the book as my 6 year old read through. These books are highly recommended and great for beginner readers.
