Little Humans

Synopsis

Street photographer and storyteller extraordinaire Brandon Stanton is the creator of the wildly popular blog "Humans of New York." He is also the author of the #1 New York Times bestseller *Humans of New York*. To create *Little Humans*, a 40-page photographic picture book for young children, he's combined an original narrative with some of his favorite children's photos from the blog, in addition to all-new exclusive portraits. The result is a hip, heartwarming ode to little humans everywhere.
