## Customer Reviews

If you have children, then this is a must have. This coloring book accompanies the "Prince Siddhartha" children's book....The book is great way for children to experience the tales of shakya muni in a peaceful and fun fashion!The usefulness of the coloring book lies in the opportunity it affords a child and parent to practice mindfulness and artistic expression at the same time.Coloring after the story also affords the child opportunity to ask the parent questions about why Prince Siddhartha acts the way he does.Not to mention being an adult I still like to color...( but i still haven't mastered staying between the lines ;)Remember, above all else let your child have fun with it!may tranquility follow in your footsteps a simple dharma man, ron

Bought to use with Siddhartha for my sophomore English students. I read that coloring has the same effect as meditation. My students loved it.

Far too expensive.
