My 3 yr old granddaughter is a huge Minnie fan and I got this for her birthday. Minnie's friends all come to her new bow-tique and pick out a bow that is perfect for them. It's a quite simple story but she seems to really like it judging by the number of times we've read it.

What a cute book! My 18 month old daughter adores Minnie and Mickey and is finally starting to sit still long enough to read books with us. This book follows the episode of Mickey Mouse Clubhouse pretty closely, which is a plus. I know my daughter will love it!

Little golden books are always good and classic. I got this for my neice for Christmas as part of her gift and in replace of a card and for the low price it's a much better investment. We signed the inside and wrote her name where there is a spot that says "This book belongs to" which is nice and

personable in all little golden books. The book was brand new, you could tell it had never even been opened. Fast two day shipping with prime. I definitely would recommend this purchase and seller.

My daughter has loved this book for almost 2 years now. It is based off the episode where Minnie opens her bow-tique. While the characters faces are not 100%, as per usual with anything that is not directly manufactured by Disney, my daughter has never noticed. We also gift this book to other Minnie lovers, as it's an inexpensive add on to a gift.

Great Books and a great price. I have been collecting these books for my 2 year old daughter so that when the time comes I can give her a huge set of these. I remember having these books when I was little and loved reading them.

I have a 6 month old and every few weeks or so I will buy 5-10 golden books. The price point is great, and although my daughter only things they are chew toys right now I look forward to the time where we can read them together. Great quality books.

But this in my Granddaughters Easter Package, she is obsessed with Minnie Mouse. I don't like giving the kids candy so I buy a small gift and always put in a book. This filled the ticket nicely

I bought this for my 2 yr old daughter because she loves Minnie Mouse and the show Mickey Mouse Clubhouse. This book has been a huge hit and has become one of her favorite books. She loves to sit and 'read' this book herself.
