3-D Thrillers: Monster Trucks And Speed Machines

Synopsis

Buckle up! The highly successful 3-D Thrillers series is getting a tune-up. With 3-D THRILLERS: SPEED MACHINES AND MONSTER TRUCKS, young readers will be in for a whole new ride. Just like the previous books in the series, SPEED MACHINES AND MONSTER TRUCKS comes with customized 3-D glasses and is packed with dozens of awesome photos that will jump off the page. Kids will get to learn about their favorite fast vehicles and larger-than-life trucks. They'll learn about the fastest car on the planet, the Thrust SSC, which travels at 763 mph! And they'll be shocked when they discover that the longest monster truck jump ever was a massive 202 feet over a 727 airplane! These speed machines and monster trucks are bigger and badder now that they're in 3-D!

Book Information

Customer Reviews

I bought this for a gift for my 4 yr old nephew who loves monster trucks. He had just been to see a live monster truck show and that was all he could talk about then. I did not read the book myself. It is paperback and may not last long in the hands of a small child. I am not sure if the book has held up, since it was several months ago that I gave it to him. I do know that if it has not lasted, it was well loved and looked at making it well worth the money!

Just received it in the mail today to wrap up for my sons for Christmas. I'm sure they'll love it but I'm disappointed because there is a huge crease from top to bottom on the front cover :(

My 3 year old Grand son loves this book!! He wants his mommy and daddy to read it every day. When it came in the mail addressed to him, he was pretty excited!!

My little guy was very happy with it.

My son loves this book!
