## Customer Reviews

"The Girl Who Saved Yesterday" by Julius Lester, with breathtaking illustrations by Carl Angel, is more than just a book.....it is an adventure!!The story takes you on an incredible ride with the title character named "Silence." As we read the book, we felt like we were on the courageous journey with her. It is truly a great story that allows you to escape and feel like you are on the odyssey with "Silence." It is thoroughly enhanced with the dynamic drawings.I appreciate that the author wrote in a style that both children and adults could enjoy together. The beautiful artwork that went so perfectly with the story was riveting. There is so much detail and captivating colors in the pictures that it forces you to continue looking at the pictures even after you finish reading each page.I would recommend this book for children and adults of all ages. It is a fantastic read and is so beautifully illustrated!!! This book is a treasure!FIVE STARS!!

For years, our 9 year old has gone to sleep while listening to his favorite Julius Lester audiobook. And we were already familiar with Carl Angel from the illustrations in his other books. So it was a no-brainer to place a pre-order when we learned that they were combining their talents to create *The Girl Who Saved Yesterday*. We ended up receiving our copy of the book before the announced release date, and we were not disappointed. After seeing the book we ordered another copy to donate to our son's school library. The richly illustrated book weaves a tale about honoring our ancestors and how it's important to remember our past, and how it makes all of our todays and tomorrows possible. This book would be a valuable addition to any bookshelf.

I purchased this book to read to my nearly 4 and 6 year old daughters. What a great decision! It is a fantastic story filled with important lessons about nature, community, bravery, and remembering and honoring your ancestors, to name a few. It's opened lines of communication about these subjects and when they ask questions, it's a great opportunity for me to teach them about the significance of everything that is happening in the story. The author's use of imagery and metaphors is beautiful and descriptive and the illustrations are absolutely stunning. The girls were mesmerized the first time I read it to them. The story is truly brought to life by the vivid images on each page and they always ask for "The Girl Who Saved Yesterday" for their bedtime story. What a great find! It's a wonderful book for all ages and I absolutely recommend this to everyone.

I'm no book critic but I live with three of them. Our new copy of *The Girl Who Saved Yesterday* is already well worn. It quickly became the favorite go-to bedtime story for my three young children. They know the story well but still listen intently and silently as I retell the heroine's mission. It's always slow going to get through the book with all of my kids touching and pointing to newly discovered characters throughout the captivating illustrations. Thank you Julius and Carl for leaving us inspired to live stronger each time we visit your art.

The poetic story and illustrations -- breathtaking paintings by the gifted artist Carl Angel -- work together to create something magical. Angel's work is transcendently beautiful. My family and I enjoy poring over everything in every picture, from the tiniest pattern on a piece of clothing, to the moving expressions on the characters' faces, to the grand landscapes and sky-visions. Bravo!
