THE PRINCESS WHO LOST HER HAIR was a spectacular book! It really illustrates what life in Africa is like. This book seems like a combination of many fairytales, but with an African twist. The beautiful pictures create an African vibe. I would definitely recommend this book to almost all young children. This has been one of my favorite books since I was little, and I will continue to love it for the rest of my life!Age Level- 5-12

Many lessons, perfect for daughters who don't like to share. We love having African princesses on our bookshelves. Must have.

Item was in perfect condition thank you

This book is really good in that it helps to explain how weather can effect different things. It also is a great teacher for kindness to others even the small and different. As a mother with a child that has alopecia this book was not really a lot of help in that matter. My 12 year old did like the book though and love the illustrations in it. They are so rich in color. I also used this in my Jr. High class as we were studying Africa and we thought it would be a neat way to introduce the idea of a drought to the students. The story of the princess not showing kindness to the bird and the results to her was a good lesson. The way the book ends shows that kindness given will be returned. Really all in all it's a good feel good book for all ages.
