# The Ghost Of Karl Marx (Plato & Co.)

## Synopsis

At its most basic, philosophy is about learning how to think about the world around us. It should come as no surprise, then, that children make excellent philosophers! Naturally inquisitive, pint-size scholars need little prompting before being willing to consider lifeâ™s âœbig questions,â • however strange or impractical. Plato & Co. introduces childrenâ "and curious grown-upsâ "to the lives and work of famous philosophers, from Descartes to Socrates, Einstein, Marx, and Wittgenstein. Each book in the series features an engagingâ "and often funnyâ "story that presents basic tenets of philosophical thought alongside vibrant color illustrations. In The Ghost of Karl Marx, the philosopher is saddened when the town weavers must sell their cloth cheaply to compete with machines. The farmers too cannot sell their crops and have no money to buy new seeds. Forced to leave their work, the townspeople form an angry crowd in front of the factories, but what is to be done when there are so many hungry people and so few jobs to pay for food to eat? Concealed in one of the weaversâ™ sheets, the philosopher makes a solemn vow to give this story a happy ending by finding the Market, that infernal magician, and ridding the town of him once and for all. Plato & Co.â™s clear approach and charming illustrations make this series the perfect addition to any little library.

## Book Information

Series: Plato & Co.

Hardcover: 64 pages

Publisher: Diaphanes (September 15, 2015)

Language: English

ISBN-10: 3037345454

ISBN-13: 978-3037345450

Product Dimensions: 6 x 0.4 x 8.7 inches

Shipping Weight: 7 ounces (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 starsÂ See all reviewsÂ (2 customer reviews)

Age Range: 6 - 10 years

Grade Level: 1 - 5

## Customer Reviews

This is a small book with great graphics. It can be read to or by a child that reads. It explains what capitalism is and how it exploits working people. Of course the explanation is taken from Marx's economic theories. It could actually educate an adult as well as a young person. This is the only book I've encountered that was written to explained basic marxism to a child.

This is an entertaining, well illustrated primer of the fundamental premise behind Marxism.
